WHAT'S IN THE BOX

- YETI 2
- DESK STAND - 125 mm x 110 mm x 288 mm
- USB CABLE - 2 METERS
- RUBBER STOPPERS

FEATURES

- Move freely while recording: Voice proximity sensor tracks your voice in 3D within a 2-meter radius; ideal for an active gaming microphone or podcast microphone setup
- Eliminate background interruptions: AI- powered de- noiser features multiple strength levels to remove unwanted room noise; keeps your audience focused on your streaming microphone audio
- Optimize audio instantly: Auto- adjusts gain, EQ, and pickup patterns 48,000 times a second; ensures consistent vocal levels for this USB computer microphone on PC or Mac
- Monitor audio in real- time: A 1.3- inch color LED display provides instant visual feedback; removes guesswork so you can stay focused on your PC gaming or content creation
- Switch settings instantly: Includes 5 preloaded onboard presets for easy access; tailored for specific high- volume uses like PC gaming, streaming, and podcasting
- Capture natural high- fidelity sound: Redesigned 3- capsule array delivers 24-bit / 48 kHz audio; provides a premium studio microphone experience for all your recording needs
- Process voice directly on the mic: Blue VOICE digital signal processing tools are built- in; adjust settings directly on the hardware without needing extra software
- Customize your exact sound: Unlock additional audio settings in G HUB software; personalize your setup with custom display graphics and user-defined recording microphone presets
