

- **COFFEE LINK APP**
- Supports all functions such as clusters, cold drinks, TO GO function, favorites and creative recipes. App also activates bean adapt technology to guide for optimal bean settings
- **CREATE HOT AND ICED COFFEES WITH EASE:** Innovative new LatteCrema Cool consistently textures velvety cold milk froth at 20C, creating delicious iced coffee beverages. Both LatteCrema Hot and Cool are tested to popular plant-based milks to enjoy smooth milk perfection every time.
- **EXPLORE THE WIDEST RECIPE MENU:** Enjoy a wide variety of over 40 one-touch hot & iced coffee, milk, and to-go recipes, easily programmable to your taste and with 4 user profiles for individually tailored drinks.
- **INTUITIVE COLOUR DISPLAY:** With a colour 3.5" TFT display and soft touch menu clusters, exploring and selecting the perfect coffee has never been so easy and intuitive. Save your favourites for quick and easy access.
- **TAKE YOUR COFFEE TO GO:** The unique new To-Go function knows how to fill your Mug to Go, there are 3 sizes of coffee to choose from, and thanks to the liftable tray, travel mugs and cups up to 16cm high can fit with ease.
- **50 COFFEE RECIPES** at the touch of a button
