PHILIPS

Philips Smart Tower Fan 7000 Series Tower Fan

CX7550/01

- Powerful airflow at 2.440 m^3/h
- Ultra-quiet operation
- Connected with Air+ app
- Low energy consumption
- DC motor

Our strongest and quietest tower fan

Advanced intelligence for personalized comfort

- Our most powerful tower fan
- Whisper-quiet breeze, with SilentWings technology
- 40% less energy use with DC motor
- Adaptive Cooling with Temperature Feedback
- Tailored comfort for every need
- Wide oscillation for whole-room cooling
- Stay cool overnight with Quiet Sleep mode
- Soothing aromatherapy
- Smart control with app and remote
- Timer & Scheduling made simple
- Slim and space-saving design
- Easy, tool-free assembly

*(1) vs. predecessor CX5535
**(2) Tested at lowest speed settings
***(3) vs. model with AC motor

Highlights

Powerful cooling at 8.4 m/s

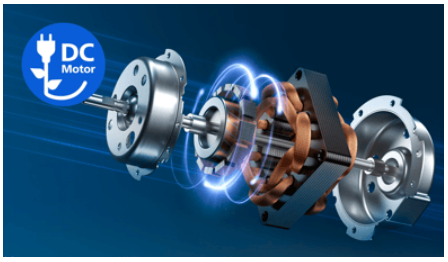

This bladeless fan delivers strong airflow of 2.440 m³/h, to quickly cool your entire space. It circulates cool air farther and wider (1), with airspeeds of up to 8.4 m/s.

Ultimate Quietness

Experience 40% quieter cooling (1), as low as 22 dB (2). With a brushless DC motor and air outlet inspired by airplane-wing aerodynamics, this is our quietest fan yet - perfect for restful sleep, work, or total relaxation.

Energy-saving DC motor

The energy-saving DC motor delivers powerful cooling with up to 40% less energy use (3). At maximum 30W, it uses less energy than a traditional incandescent light bulb – to keep your energy costs low.

Adaptive Cooling

The Smart AutoAdapt mode adjusts airflow based on room temperature, ensuring optimal comfort. A sleek LED display provides real-time updates, with ambient light that reflects indoor temperature.

Versatile: 4 modes & 12 speeds

Choose from 4 modes (Manual, Natural Breeze, Advanced Sleep, AutoAdapt) and 12 speed levels for personalized cooling. From a gentle breeze to powerful airflow, enjoy effortless comfort all day.

Wide 80° oscillation

With 80° oscillation, this fan distributes air to every corner of the room – so you can feel refreshed no matter where you are.

Advanced, Quiet Sleep mode

Advanced Sleep mode gradually reduces fan speed every 30 minutes and dims the display lights, helping you fall asleep naturally while saving energy through the night.

Aromatherapy

Enhance your well-being by infusing the breeze with your favorite essential oils for a calming experience.

Smart control

Easy control from anywhere with the Air+ app or remote. Enjoy hands-free operation and voice support with Alexa and Google Home integration.

Specifications

Technical Specifications

Maximum power: 30W
Temperature display: Yes
Temperature sensor: Yes
Min. sound level: 22 dB(A)
Max. sound level: 44 dB(A)

Weight and Dimensions

Product Length: 17.2 cm
Product Width: 15.8 cm
Product Height: 106.0 cm
Product Weight: 4.6 kg
Package Length: 25.7 cm
Package Width: 25.0 cm
Package Height: 111.0 cm
Package Weight: 6.7 kg

Energy efficiency

Stand-by power consumption: <2.0W
Voltage: 220-240V
Frequency: 50/60 Hz

Maintenance

Warranty: 2 years

Country of Origin

Produced In: China

General Specification

Product type: Tower Fan
Color: Dark Grey Metallic
Primary Material: Plastic
Internet connectivity: Yes (Air+ app)
Wi-Fi range: 2,4 GHz
Voice control: Yes (Alexa, Google Home)
Motor: DC motor

Compatability

Included Accessories 1: Aroma pads
Related Accessories 1: FY5100

Performance

Fan airflow: 2440 m3/h
Air velocity: 8.4 m/s

Usability

Automatic mode: Yes
Sleep mode: Yes
Natural Breeze mode: Yes
Manual mode: Yes
Aroma diffuser: Yes
Speed settings: Yes (12 levels)
Timer: 1-12h
Scheduler: Yes (in app)
Cord length: 1.8m
Oscillation: 80°
Interface: Touch display
Remote control: Yes
