CL6272 // 120cm // **ON-BOARD MOTOR**

// CL6272 (120cm)

The CL6272 wallmount alfresco rangehood prides itself on being a pyramid of excellence. Focusing on modern demands of alfresco dining, this model accentuates innovation, power and quality. Using high grade 304 stainless steel, this canopy is more durable for use in an outdoor room or under-cover patio. With twin, in-built motors, the CL6272 provides a powerful 2200m³/hr of airflow, delivering efficient extraction of steam and smoke to make for a fresh, clean outdoor living space.
