|                                                                                                                             |                                                                                                                                                                                                                |                                                                                                                                                                                                                                                                  |                                                                                                                                                                                                                                                            |
|-----------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Anti Tip Fixing Bracket</b><br>Comes with an anti-tip fixing bracket to ensure your treasured collection remains intact. | <b>Air Filter</b><br>Helps protect the wine cabinet from undesirable odours. Filters internal air to limit stale odours from developing in your wine cabinet. For optimal performance, replace every 6 months. | <b>Cut-Off Thermostat</b><br>Extra safety mechanism that prevents temperature to drop below accepted levels. In the unlikely event of malfunction of the cooling system, this safety mechanism shuts off the compressor and avoids excessively low temperatures. | <b>Audio and Visual Alert</b><br>When door is left open for more than 5 minutes, a visual notification kicks in, followed by an audio alarm (after additional 2 minutes). The alarm also notifies too high or too low temperatures that put wines at risk. |
| <b>Wine Display Shelf</b><br>Showcase your most cherished wines at the top of your cabinet with the Vintec Display Shelf.   | <b>Dedicated Cellaring Mode</b><br>Dedicated mode which sets the temperature of your wine cabinet at 12C the ideal temperature for cellaring all wines (reds, whites and sparkling).                           | <b>Inverter Compressor</b><br>Energy-efficient Variable Speed Compressor: saves energy and emits lower noise and vibrations, while provides great temperature stability and has longer life compared to a single speed compressor.                               | <b>5 year Warranty on Compressor</b><br>This Vintec cabinet comes with a 5-year warranty on its compressor. We recommend registering your product with us, so that we can help you more quickly and efficiently.                                           |

---

Vintec is the specialist in wine cabinets for over 20 years and number 1 preferred premium specialist wine cabinet brand. For over 20 years, Vintec has been the specialist in climate-controlled wine storage solutions in Australia. Vintec is the number one preferred premium specialist wine cabinet brand.\*Kantar brand Health study May 2026

**Flexible Installation: Free-Standing or Slot-in**  
This Vintec wine cabinet can be installed free-standing OR slot-in to a home (e.g. Kitchen, living room or office).

**Refined Proportions for a Flush Fit**  
Slimmer depth with push to open feature to allow tighter integration and flush fit and a modern aesthetic.

**Dual Zone Cooling system for higher temperature precision**  
Our Dual-Zone wine cabinets are perfect for maintaining red, white, and sparkling wines at their ideal drinking temperatures. Two independent evaporators deliver perfectly stable temperatures across both zones. The zone seals minimise airflow transfer between zones, ensuring optimal conditions for every bottle style. Set one zone to 6-13°C for sparkling or white wines, and the other to 15-18°C for reds. Alternatively, keep one or both zones at a steady 12°C for maturing wines steadily.

**Adjustable LED Side Lighting with 3 colour settings**  
Perfect visibility of your wine collection with our energy efficient, LED Left and Right side lighting with 3 colour settings (warm, natural and cool). The light is not blocked by wine bottles, resulting in a smoother appearance with a more uniformed diffusion. VWD190FAB

**Precision control TFT Display screen to navigate settings with ease**  
The TFT control screen offers precision control, beautifully displayed, presenting every setting with exceptional clarity and understated luxury. Its refined, high-resolution interface makes caring for your wine effortless, while enhancing the overall elegance of your fridges design.

**Display Shelf to Showcase Your Best Wines**  
Showcase your best or favourite wines at the top of your cellar with the Vintec Display Shelf. It highlights your bottles by cradling them at an angle providing a clear view of your most cherished wines.

**Extendable 3-Tier Cradle and Telescopic Rails with elegant gold Trim**  
Crafted from natural Ash wood, our extendable telescopic shelves glide with exceptional smoothness, offering a full, elegant view of every bottle in your collection. Precision engineered with vibration absorbing rails adorned in gold finished aluminum, these shelves provide superior stability and loadbearing performance, minimising movement to safeguard each wine with the utmost care. The result is a beautifully refined storage experience designed to honour and protect your most treasured bottles.

#### Effortless Push-to-Open Access

Experience a new level of ease and sophistication every time you reach for a bottle. Our pushtoopen door design allows you access your wine collection with a simple, effortless touchno handles, no pulling, just smooth, intuitive motion. Precision engineering ensures a clean, reliable opening action every time, giving you quick access while maintaining the carefully controlled environment inside the cabinet. Thoughtfully crafted for both convenience and style, its a small detail that transforms the entire experience of selecting and enjoying your favourite bottles.

#### Improved Thermal Insulation from triple layer, double Low-E glass door

The stylish, transparent tempered glass door allows better insulation, while providing a UV-light resistant environment, assisting to prevent your wines from spoiling due to light damage. With no protruding handles, it offers a seamless feel and an elegant finish.

#### Quiet Inverter Compressor

Our Variable Speed Inverter Compressor is quiet and efficient in energy consumption. It slowly and gently cools with greater temperature control. Cushioned with in built absorbers, vibrations are minimised, so that your wines are stored in a calm, protected environment where they can mature steadily.

#### The Vintec Club

The Vintec Club is a private club for owners of Vintec, focused on content, offers and experiences on cellaring, storing and serving wine. Owning a Vintec is the key to accessing exclusive wine industry benefits and services and receiving invitations to unique wine dinners and tastings in the company of celebrated winemakers and sommeliers. Find out more at [vintecclub.com](http://vintecclub.com).

#### Peace of Mind with The Vintec 5 Pillars Of Wine Storage

Vintec Wine Cabinets attempt to recreate the conditions found only in the best natural underground wine cellars by strictly adhering to the Vintec 5 Pillars of Wine Storage: Stable Temperature, High Humidity, UV-Free / Dark Storage Area, No Vibration, Quality Airflow.

#### Acid-Etched Fingerprint-Proof Glass Door

The acid-etched glass door is fingerprint resistant. Its matte, smooth surface is part of the elegant premium design of the range.

#### 5 year Warranty on Compressor

This Vintec cabinet comes with a 5-year warranty on its compressor. We recommend registering your product with us, so that we can help you more quickly and efficiently.

## Terms and Conditions

### IMPORTANT

This is a guide of product dimensions only. For complete installation instructions, refer to the manual provided with product.

### PRODUCT INFORMATION

The descriptors and illustrations in this publication apply to the specific products and models described as at the date of issue. Under our policy of continuous product development, product specifications may change without notice. Prospective purchasers should therefore check with their retailer to ensure this publication correctly describes the products that are being offered for sale. All information supplied is to be used for general reference purposes only and is on the understanding that Electrolux Home Products Pty Ltd (Australia) and Electrolux (NZ) Ltd (New Zealand) will not be liable for any loss, liability or damage of whatever kind arising as a result of reliance on such information. Colours of products illustrated are as close as printing limitations allow. Electrolux will at all times comply with its obligations pursuant to law including Trade Practices (Australian Consumer Law) Act and Regulations.

### WARRANTY

This warranty only applies to Appliances purchased and used in Australia or New Zealand and used in normal domestic applications and is in addition to (and does not exclude, restrict, or modify in any way) any non-excludable statutory warranties in Australia or New Zealand. All warranties are subject to the conditions set out in the warranty card accompanying the product when purchased.
