CARE FOR YOU FIRST YT2040

Powerful

EASY DEWRINKLING

Insert up to 3 items of clothing for smooth results in as little as 10 minutes, or leave them in for up to 30 minutes for more demanding textiles.

ALL-NATURAL SANITISING ACTION:

Suitable even for extremely delicate items, steam power removes odors and kills up to 99.99% of viruses, bacteria and germs with no detergent or chemicals. (External laboratory test on cotton, purification mode 40 min)

GENTLE DRYING

Ensures gentle drying 5 times faster with no burning, ideal for delicates that won't fit in the dryer. (vs natural drying in ambient temperature. Test performed on dry mode - 45min, 2 cotton shirt, 1 polo-shirt)

ENERGY-EFFICIENT SOLUTION

A smart patented design saving energy, that saves up to 40% energy compared to a traditional garment steamer. (10 min steaming cycle with YT20 vs 3 shirts steaming session with IT32)

Uniqueness

The most advanced automatic garment steamer, for dewrinkling, sanitising and gently drying your clothes. All hands-off, zero-effort and energy saving.

Accessories included:

x8

Straightening clips

x4

Long straightening clips

Remote control

x3

Hangers

Convenient

EASY AT HOME SOLUTION

Cut down on visits to the dry cleaner by refreshing and sanitizing your garments — even delicates — with no risk of burning or damage.

SAFE FOR ALL FABRICS

Safe for all kinds of garments and materials, such as silk or wool, children's stuffed animals, cushions, pillows, duvet covers, puffy jackets, and more.

EASY TO USE

A remote control, large and easy-to-read display, 3 rotative hangers, easy to fill removable 1.2 L water tank and smooth mobility.
