

110cm Deep Undermount Rangehood

Undermount Rangehood with Deep Filtration Area

Colour

Black: BU110DB

Features & Benefits

LED Lighting

Enhance your cooking experience with an LED Light Strip, providing unmatched illumination across your entire cooktop area.

Baffle Filters

Experience cleanliness redefined with Baffle Filters, meticulously designed to eliminate grease and oil accumulation, effortlessly removable, and dishwasher-safe for hassle-free cleaning.

DC Motor

Embrace the power of a DC Motor, efficiently extract all cooking odours, smoke, and steam with ease whilst keeping noise to a minimum.

Touch Controls

Simplify your cooking experience with easy to use Touch Controls, preventing build-up of grease and moisture and allowing seamless adjustment of the rangehood power.

Design

Incorporating a slimline frame with matte black finish, the Belling Undermount Rangehoods offer a minimalistic design that integrates seamlessly into any kitchen aesthetic, whilst a deeper filtration area ensures overall better extraction when preparing meals on high powered cooktops.*

*Deeper filtration area only applicable to BU90DB and BU110DB models.
