

# ionmax ION90

## Ultrasonic UV Humidifier

EXTENDED WARRANTY

**2+2** YEARS

Exquisitely designed with its classy and clean outline, Ionmax hybrid humidifier ION90 with UV is a must-have in every modern home. Packed with features like UV Bio-Photocatalyst sterilisation and deodorisation, Duo-Humidification Technologies and Hygrostat for Pre-set Humidity level, this whisper-quiet beauty promises scintillating functionality that one takes pleasure in.

Low humidity levels can cause or aggravate symptoms of respiratory illnesses e.g. blocked or stuffy and running nose, breathing difficulties, chapped skin, sore and dry throat and eyes, and fatigue. A humidifier like the ION90 reintroduces moisture into the air and can help alleviate symptoms effectively and create a more comfortable and healthy living environment.

Suitable for areas up to 30 sqm

Timer up to 9 hours

3 mist output level

Water shortage indicator

### COOL & WARM MIST

Options for ultrasonic humidification for mist at room temperature or warm mist for faster humidification.

### INTELLIGENT BUILT-IN HUMIDISTAT

Automatically adjusts the humidifying process to maintain your desired humidity level.

### PRESET MODES

Use preset modes to optimise humidity levels for different needs and conditions.

### DEMINERALISATION FILTER

Avoid mineral buildup, prevent bacteria growth, and maintain the humidifier's efficiency.

### UV BIO-PHOTOCATALYST STERILISATION

Decompose smelly organic particles for maximum deodorisation and sterilisation effects.

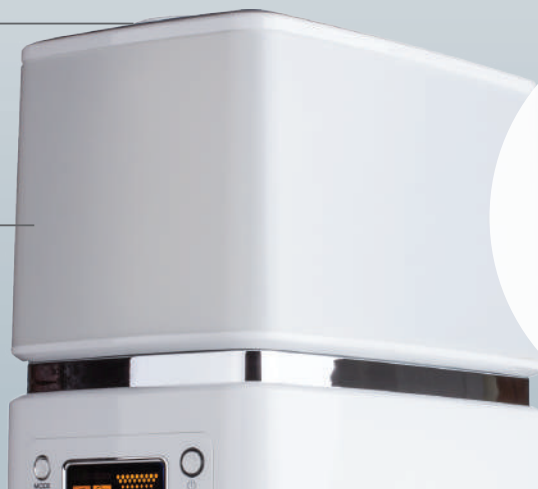

### IONISER

Negative ions remove particulates, microbes, and odours from the air.

DUAL MIST OUTLET FOR OPTIMUM COVERAGE

LARGE 6.5L TANK CAPACITY

UP TO **21** hrs  
continuous humidification

### Protects Your Health

Reintroduces moisture into the air to soothe dry skin and prevent respiratory illnesses caused by dry air. Optimum humidity levels open up air passages thus promoting a more comfortable night's sleep.

### Protects Your Home

Safeguard your wood furniture from warping and cracking caused by dry air. Increase moisture level helps to rehydrate plant life indoors.
