3 **Freezer Thermostat Button**
Press to cycle between -24 °C, -19 °C and -16 °C set temperatures.

For a complete product overview, refer to user manual, pages 14–16.

INSTALLATION

When installing your refrigerator. Please ensure that 10cm of free space is left at both sides, 10cm at the rear and at least 30cm at the top of the appliance. This will allow sufficient cold air to circulate around the refrigerator improving efficiency of the cooling process.

For a complete guide, refer to user manual, page 8.
