

OPENSWIM PRO Key Features

Waterproof Bone Conduction Headphone

IP68 Waterproof Rating

Certified IP68 waterproof, the OpenSwim Pro allows for listening to music while swimming, for up to 2 metres deep for about 2 hours.

Bluetooth + MP3 Dual Modes

Select the MP3 mode for standalone music playback, and Bluetooth mode to access limitless audio content easily, either through the control buttons or in the app.

Open Ears, Safety First

With our signature open-ear design, stay engaged and connected during outdoor activities for situational awareness.

Other Selling Point

-  Open-ear design for comfort
-  Physical buttons preventing accidental touch
-  Multipoint pairing to connect to 2 devices at once
-  PremiumPitch™ 2.0+ for vivid sound
-  AI Noise-cancelling mics for crisp calls
-  Up to 9 hours of listening and quick charge
