

The graphic is a semi-circular label with a red upper half and a yellow lower half. The red half contains several white stars of varying sizes. The yellow half contains the text 'ENERGY RATING' in large white letters, followed by 'A joint government and industry program' in smaller black letters, and 'Hisense 65U8QAU' in red letters. Below this is a white box containing 'Energy consumption' in black, a red box with '520' in white, and 'kWh per year' in black. At the bottom, there is a white box with black text providing context and a website link.

The more
stars the more
energy efficient

ENERGY RATING

A joint government and industry program

Hisense 65U8QAU

Energy consumption

520

kWh per year

Based on 10 hrs daily use in recommended home viewing picture mode and tested in accordance with AS/NZS 62087.2.2.

TVs displayed for sale may be set in a display picture mode which may consume more energy than the rating above indicates and may be brighter.

Energy consumption and running costs will depend on how you adjust and use this TV.
