ELETTA ULTRA
The ultimate in hot & cold coffee delights

DESIGNED TO REDUCE NOISE

Preparing coffee is quieter now! With next-generation Silent Technology, this machine is up to 65% quieter than our previous models*—so all you hear is the pleasure of your coffee.

**compared to the noise level of De'Longhi's fully automatic coffee machines without Silent Technology*

COLLECTIONS TO BE DISCOVERED

The widest variety of drinks De'Longhi had ever put into a machine to perfectly match any moment of the day. From rich Espressos drinks, balanced Filter Coffee, refreshing Cold Brews and indulgent creations, drinks are grouped in tempting Collections for a direct access.

INDULGENT CREATIONS

The exploration of new horizons thanks to in-machine creative recipes for unique coffee drinks, turning every cup into an adventure.

Eletta Ultra is all about exploring the variety of the world of hot & cold coffee.

The pleasure to fit any moment of the day with the perfect drink, whether you need an energy boost, a refreshing cocktail or an indulgent cup of filter coffee.

Collections and Family profile simply guide the user during any coffee moment of the day, customizing the whole experience in a smooth and enjoyable way, ensuring the perfect drink is just one touch away, in any moment.

Eletta Ultra design is characterized by memorable elements softened with Italian passion and a carefully use of materials, with brushed and polished metal finishes and a seamless infinity interface, designed to captivate the most discerning design enthusiasts.
