# PHILIPS

# Highlights

## Slow cooking modes

Slow cook with high and low temperature settings creates melt-in-mouth tenderness.

## Saute/Sear

Saute/Sear to enhance richness of flavors before the magic of cooking begins.

## Pressure cooking modes

With the magic of pressure, even tough cuts can be tenderized in minutes. 7 pressure cooking modes help you to create great taste when you are time poor.

## Multi cooking modes

Additional multi cook programs including steaming, baking and yoghurt making to create even more dishes and desserts to dazzle your family and friends.

## Automatic keep warm 12 hours

Automatic keep warm for 12 hours (except for yoghurt and Saute/Sear functions), keeping meals nice and warm to serve anytime.

## Superior power

The upgraded power efficiently shortens pre-heat time by 25%, so that you can enjoy even faster cooking experience\*.

## ProCeramic+ coated pot

With ProCeramic+ coating, the pot is 5 times more durable than conventional ones. Better scratch resistant surface for longer use\*\*.

## Easy-to-clean

Easy-to-clean detachable inner lid design.

## 9 safety protection systems

9 safety protection systems to ensure worry-free cooking.
