FEATURES

AutoSense

FreshSeal Crisper

Pull out tray

FresherAir

Chill drink timer

Sphere ice tray

4 Star Energy Efficiency

Full Width Door Bins

Multi-flow airflow system

BENEFITS

Clever cooling for busy homes

Enjoy a fridge that adapts to your daily life. AutoSense learns your households routine, from busy mornings to quiet nights, and automatically adjusts cooling to help keep food fresher for longer. When the door opens frequently, Shopping Mode activates, lowering the temperature to protect your groceries. And when youre away, AutoSense switches to Holiday or Mini-Break Mode* to save energy without you lifting a finger.*AutoSense modes only available when AutoSense is activated by the user.

A show stopper

Make your new French door fridge the centrepiece of the kitchen. With a sleek, flat door design and pocket handles for easy opening, you will be stopped in your tracks every time you see it.

Seal in the Freshness

Our FreshSeal™ crispers are sealed and come with a humidity slide that you control. The seals assist in preventing moisture loss whilst the humidity slide assists in creating the right environment for keeping food fresher for longer.

Easy access tray

The pull-out tray maximises freezer space and makes it easy to store and retrieve bulky or awkward items, saving you time and hassle every day.

A fresher fridge everyday

Keep your fridge smelling fresh and clear with our FresherAir carbon filter. Acting as a deodoriser, it helps remove unwanted odours so everything from leftovers to today's lunch doesn't overpower your fridge. Replacing your carbon filter every 6 months will ensure your fridge continues to perform to its best, every day.

Fast chill for every occasion

Forgot to chill the drinks? No problem! With the Chill drinks timer, you can quickly cool bottles in the freezer, so every celebration, or weeknight dinner, is perfectly chilled. The timer runs for 20 minutes and can be extended in 5-minute intervals up to 45 minutes, giving you that little extra chill time when you need it.

Stay refreshingly cool

Keep your drinks ice cold thanks to our sphere ice tray. With plenty of ice available for all and the slow melting nature of larger sphere ice, you and your family can enjoy ice-cold drinks anytime.
