

80cm Series 7 4 Zone Induction Cooktop, SmartZone

Minimal

Spacious and precise, this cooktop combines powerful induction with a flexible SmartZone for everything from delicate sauces to perfectly seared steaks. Link two zones for larger pans, or use them separately for everyday versatility.

- Finished in sleek black glass with durable detailing for a refined kitchen look
- Immediate heat response with precise temperature control for perfect results
- Pause and Recall let you resume cooking with your settings restored

- Touch&Slide controls make it easy to adjust each zone or link zones into a large SmartZone

[↓](#) Planning Guide (English)

Where applicable:

All appliances use energy, and energy usage typically generates carbon emissions. **Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate** indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.

Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.
