

Philips Air Humidifier 4000 Series Air Humidifier

HU4210/04

- Effectively promotes optimal humidity levels
- Enjoy soothing aromatherapy
- Hygienic humidification with NanoCloud technology
- No white dust or wet strains

Hygienic relief from dry air.

Fights dry air and stops bacteria from spreading.

- Helps to combat dry air symptoms
- Effective in rooms up to 44 m² with 300 ml/h
- Continuous humidification for up to 21 hours
- Up to 99% less bacteria: ideal for baby & toddler rooms
- Leaves no white dust or wet spots on floors and furniture
- Safe to use with tap water
- Add your own essential oils and enjoy soothing aromatherapy
- Sleep mode with quiet operation (Max 6 dB)
- Unlock smart features in the Air+ App
- Refill made easy: top-fill water reservoir
- Low energy consumption
- Long lasting filter for up to 6 months

*(1) Wolkoff, P. (2018) Indoor air humidity, air quality, and health-and overview. Elsevier, International Journal of Environmental Health, 221 (3), 376-390.

** (2) Tested by GB/T 23332-2018 in a third-party laboratory. Initial temperature of 23±2° and relative humidity of 30±2% RH.

*** (3) Calculated using AHAM HU-1-2016 Clause 7.3 based upon the humidification performance tested according to GB/T 23332-2018 in a third-party laboratory.

**** (4) Compared to standard ultrasonic humidifier modules that do not contain additional technology to reduce the spread of bacteria, as tested by an independent lab

***** (5) Deposition of minerals on furniture was tested by a third-part laboratory over a period of 3 hours according to DIN 44973, CAS Testing.

Highlights

Combat dry air symptoms

Balanced humidity levels enhance perceived air quality (1). This humidifier is designed to relieve discomfort from dry air, such as dryness of the skin, lips, nasal passages, and eyes, throat irritation, congestion, and static electricity, while also keeping indoor plants hydrated for a healthier home.

Powerful Humidity Rate

The 3 fan speeds and automatic settings ensure the performance and comfort you choose. Thanks to the emission of up to 300 ml/h, every room up to 44 m² is effectively humidified. (2,3)

Continuous humidification

Breathe comfortably with minimal refills. The 3.5L water reservoir offers up to 21h of continuous use for your convenience. Enjoy a comfortable atmosphere with fewer interruptions.

NanoCloud Technology

There is no other technology that releases cleaner water vapor into the air than Philips NanoCloud. Its ultra-fine mist is extremely difficult for bacteria to adhere to. The advantage is air humidification with up to 99% less bacteria releases than standard ultrasonic humidifiers (4), making this humidifier an ideal solution for baby rooms.

No white dust or wet stains

NanoCloud's invisible mist does not release white dust or leave wet patches (5). Large droplets emitted by ultrasonic humidifiers may dampen the surroundings and carry minerals that leave white residue on nearby surfaces. NanoCloud particles are too small to carry minerals, effectively preventing residue and stains.

Safe to use with tap water

Works with regular tap water for everyday ease. Just fill, switch on, and enjoy fresh, comfortable air.

Aromatherapy

Enjoy aromatherapy with your favorite essential oils for a calming, personalized atmosphere that supports relaxation and well-being.

Quiet Sleep mode

Experience a comfortable night's sleep with optimal humidity and wake up more refreshed. Sleep mode ensures the device works quietly yet efficiently during the night.

Smart Features

Whether at home or away, control your humidifier with the Air+ App to adjust humidity, and program timers and schedules. Use voice commands via Google and Alexa for hands free convenience, anywhere, anytime.

Specifications

General Specification

Product Type: Humidifier
Internet connectivity: Yes (Air+App), Yes
Technology: Evaporative humidification
Color: White
Primary Material: Plastic
Wi-Fi range: 2,4 GHz
Voice control: Yes (Alexa, Google Home)
Capacity Watertank: 3.5L

Technical Specifications

Maximum power: 3W
Humidity sensor: Yes
Min. sound level: 6dB
Max. sound level: 25dB

Weight and Dimensions

Product Length: 22.22 cm
Product Width: 21.96 cm
Product Height: 33.40 cm
Product Weight: 1.43 kg
Package Length: 26.50 cm
Package Width: 26.50 cm
Package Height: 39.00 cm
Package Weight: 2.35 kg

Energy efficiency

Stand-by power consumption: <0.5 W
Voltage: 100-240 V

Maintenance

Warranty: 2 years

Compatibility

Included Accessories 1: Humidification filter
Included Accessories 2: Aroma pads (3 units)
Related Accessories 1: Humidification filter (FY5030)
Related Accessories 2: Aroma pads (FY5100)

Country of Origin

Produced In: China

Performance

Runtime: 21 hour(s)
Humidification rate: 300ml/h
Max. room size: 44 m²

Usability

Cord length: 1.5m
Scheduler: Yes
Modes: Automatic mode, sleep mode
Speed settings: Sleep, medium, high
Humidity settings: 30%, 40%, 50%, 60%, 70%
Timer: 1-12 hour(s)
Air quality feedback: Color ring, numerical
Interface: Touch, numerical, LED
Recommended filter change: 6 months
Water tank empty alert: Yes

Safety feature

Automatic shut-off: Yes
