Product Description:

Chat with your docs. Meet Acrobat AI Assistant.

Save time with AI Assistant. Summarize your docs in a click, ask questions to get quick answers, and level up your productivity – all while knowing your content is secure.

Bullets:

- AI Assistant: Ask questions to get quick answers linked to sources you can trust.
- Generative Summary: One-click generative summary automatically pulls key points from your doc to help you find important info fast.
- Insights across docs: Chat with multiple documents and transcripts all at once so you can find key themes and takeaways – without switching tabs.
- Data Privacy: when you use AI Assistant, your documents are protected – and your content is not used to train generative AI models.
