TheraFace PRO

What is Facial Health Therapy?

Facial Health is more than skin deep. It is an inclusive approach to caring for your face ranging from your facial muscles to your skin. Going beyond beauty, Facial Health is about looking good and feeling good.

All-in-One Device

From Therabody, the pioneer in percussive therapy comes a revolutionary all-in-one device for ultimate facial health. Reduce tension, relax facial muscles, and achieve healthier-looking skin with treatments tailored to your specific skin needs. It combines percussion, microcurrent, LED therapy, and cleansing to treat your complexion and facial muscles.

The TheraFace PRO Difference

Percussive therapy optimised for the face:

Bringing Therabody’s renowned technology behind percussive therapy to the face to reduce tension, relax facial muscles, and care for it at the deepest level – true facial health therapy.

Personalisation based on your needs:

There is an all-in-one customised treatment tailored to whatever your face needs. And because every face is unique, we engineered the most personalised experience possible with an easy-glide magnetic ring system that allows you to seamlessly switch between, and even combine, treatments.
