Series 9 | OB90S9MEPX4

Oven, 90cm, 9 Function, Self-cleaning | Stainless Steel

Feature and Benefits

Cooking flexibility

This built-in oven has nine functions with pre-set temperatures, including Bake, Pastry Bake, and Fan Forced, allowing you to use a variety of cooking styles.

Optimal Performance

Oven functions are pre-set with a simple touch of a dial. Enhanced by brilliant lighting and a large viewing window, the need to open the oven door is minimised, ensuring perfect cooking results while maintaining the oven's internal temperature.

Generous Capacity

Designed for multi-shelf cooking, this built-in oven provides a 100L total capacity. The wide cavity allows for both side-by-side and multi-shelf cooking.

Self-Cleaning

Our self-clean technology breaks down food residue at a very high temperature, leaving a light ash that's easily removed with a damp cloth. The enamel coated side racks don't need to be removed when using this function.

Even cooking

Our ovens feature AeroTech™, a technology that circulates heat evenly, ideal for multi-shelf cooking. The professional-quality rotisserie roasts meat to succulent perfection, and a powerful grill ensures even and quick browning results.

Complementary design

With their premium handle styling and stylish stainless steel finish, our built-in ovens are designed to match the rest of Fisher & Paykel's kitchen appliance family.

Series 7 | OB90S9MEX4

Oven, 90cm, 9 Function | Stainless Steel

Feature and Benefits

Cooking flexibility

This built-in oven has nine functions with pre-set temperatures, including Bake, Pastry Bake and Fan Forced, allowing you to use a variety of cooking styles.

Optimal Performance

Oven functions are pre-set with a simple touch of a dial. Enhanced by brilliant lighting and a large viewing window, the need to open the oven door is minimised, ensuring perfect cooking results while maintaining the oven's internal temperature.

Generous Capacity

Designed for multi-shelf cooking, this built-in oven provides a 100L total capacity. The wide cavity allows for both side-by-side and multi-shelf cooking.

Easy Cleaning

This built-in oven has catalytic liners that break down oil and fat splashes during cooking so you don't have to spend hours cleaning.

Safe and Sound

The CoolTouch door, with triple glazing and a cooling system, is safe to touch from the outside, protecting your hands and the surrounding cabinetry. Getting large dishes in and out of the oven is a breeze, thanks to the full telescopic sliding shelves that stay perfectly steady—even when pulled all the way out.

Even cooking

Our ovens feature AeroTech™, a technology that circulates heat evenly, ideal for multi-shelf cooking. The professional-quality rotisserie roasts meat to succulent perfection, and a powerful grill ensures even and quick browning results.

Complementary design

With their premium handle styling and sleek black finish, our built-in ovens are designed to match the rest of Fisher & Paykel's kitchen appliance family.
