

PSA9062

90CM CLASSIC GAS COOKTOP

MADE IN ITALY
Since 1948

SPACIOUS DESIGN

When space is not restrictive, this 90cm cooktop offers five burners ergonomically positioned for maximum benefit with the possibility of several styles of cooking at the one time.

DUAL CONTROL ULTRA-RAPID WOK BURNER

A large and versatile burner that suits the larger stock pots, boilers, saucepans and griddles. This dual control wok burner has two separate flame rings to help control the flame level and temperature at all stages of cooking, providing exceptional flexibility and delicious cooking results.

FLAME FAILURE DEVICE

Safety fitted to all burners, the flame failure device ensures that, should a flame be accidentally extinguished, the gas supply to the specific burner is stopped. The burner can only then be reignited by following the normal ignition procedure.
