

# Weight & BMI Wi-Fi Scale

Available colors:

Body is a Wi-Fi scale that uses patented Position Control™ technology to deliver a highly accurate assessment of weight and BMI. Body provides immediate on-screen feedback and automatically synchronizes with the free Health Mate™ app to track changes over time and help anyone reach their weight goals.

Body is an advanced connected scale being offered at an affordable price.

# Features

## Tracks weight & BMI

### Weight trend screen

Displays a graph with the previous 8 measurements, as well as the difference between the latest measurement and the one before.

### Family-friendly features

Recognizes and tracks up to 8 users, and includes breakthrough solutions for parents and pregnant women. With Baby Mode, parents can track their child's weight by simply stepping on the scale while holding their baby, and Pregnancy Tracker gives personalized guidance with obstetrician-reviewed advice, tips, and personalized weight tracking.

## Automatic Wi-Fi or Bluetooth® synchronization

Every weigh-in appears on your smartphone in the Health Mate™ app .

### Local weather forecast

When the scale is connected over Wi-Fi, it will provide a daily local weather forecast to help users plan their outfit and the day's activities.

### Activity

When paired with a Withings activity tracker or the built-in Health Mate™ step tracking, the scale can display the previous day's steps to help users understand how their efforts impact weight.
