| Depth | 574mm |

FEATURES & BENEFITS

CONSIDERED DESIGN

Designed to match our Contemporary style family of products in black glass, this built-under dishwasher has a beautiful matte-black glass finish. Fitting flush with cabinetry, the recessed handle design provides a seamless finish in your kitchen.

SEAMLESS INTEGRATION

Our built-under dishwashers are installed flush under your benchtop with the option of a custom kickstrip, ensuring minimal

gaps.

ADVANCED DRYING

For beautifully dry dishes every time, this dishwasher features an advanced drying system that combines fan-assisted drying and automatic door opening at the end of the cycle. By opening to release excess steam, Auto Door Open Dry helps to ensure your dishes come out dry and ready to use or store.

AN EXCEPTIONAL CLEAN

This dishwasher offers eight wash programs including Glassware and Auto, which automatically senses the optimal wash settings for your dishes. The three-stage filtration system delivers a superior clean, while the rinse aid indicator reminds you to top up for beautifully clean dishes.

CUSTOMISE YOUR WASH

Create the perfect wash with our range of modifiers, from Intensive for a thorough clean to Half Load, ideal for a partial load. The Sanitise modifier provides extra protection, killing 99.9% of bacteria* in the final rinse, while Dry+ is great for plastic dishes. *Certified to NSF/ANSI Standard 184

QUIET PERFORMER

Running at a very low decibel rating, this dishwasher does its job without making a fuss. The combination of clever technology and simple mechanics means greater reliability and superior wash performance, with minimal noise.

EFFICIENT PERFORMANCE

With a 4.5 star energy rating and 5.5 star water rating, this dishwasher delivers a powerful wash. Use the Eco wash program for optimal water and energy consumption, or choose when the cycle begins with Delay Start.
